The Journal of Social Psychology, 1996, *136*(6), 794–800

Index to Volume 136

This annual index is organized by first author and by title. Page numbers refer to the following issues:

Number 1 (February): 1–128
Number 2 (April): 129–272
Number 3 (June): 273–416
Number 4 (August): 417–544
Number 5 (October): 545–672
Number 6 (December): 673–800

AUTHOR INDEX

Abu-Rabia, S. *Attitudes of Arab minority students in Israel and Canada toward learning a second language.* 541–544.

Abu-Rabia, S. *Factors affecting the learning of English as a second language in Israel.* 589–595.

Ahmad, A. *Work–family conflict among married professional women in Malaysia.* 663–665.

Ali, A. J., & Azim, A. *A cross-national perspective on managerial problems in a non-Western country.* 165–172.

Anshel, M. *Coping styles among adolescent competitive athletes.* 311–323.

Appelgryn, A. E. M., & Bornman, E. *Relative deprivation in contemporary South Africa.* 381–397.

Banks, T., & Dabbs, J. M. Jr. *Salivary testosterone and cortisol in a delinquent and violent urban subculture.* 49–56.

Basu, J., & Chakroborty, U. *Effect of sex role identity on academic achievement of late adolescents in India.* 257–259.

Bennett, M. *Men's and women's self-estimates of intelligence.* 411–412.

Bennett, M., & Cormack, C. *Age and embarrassment at others' gaffes.* 113–115.

Birkimer, J. C., Druen, P. B., Holland, J. W., & Zingman, M. *Predictors of health behavior from a behavior-analytic orientation.* 181–189.

Blass, T. *The Milgram obedience experiment: Support for a cognitive view of defensive attribution.* 407–410.

Brierley, J. A. *The measurement of organizational commitment and professional commitment.* 265–267.

Brown R., & Middendorf, J. *The underestimated role of temporal comparison: A test of the life-span model.* 325–331.

Carr, S. C., Pearson, S.-A., & Provost, S. C. *Learning to manage motivational gravity: An application of group polarization.* 251–254.

Carton, J. S., & Nowicki, S. Jr. *Origins of generalized control expectancies: Reported child stress and observed maternal control and warmth.* 753–760.

Cheung, C-K., & Kwok, S-T. *Conservative orientation as a determinant of hopelessness.* 333–347.

Chiasson, N., Charbonneau, C., & Proulx, J. *In-group–out-group similar information as a determinant of attraction toward members of minority groups.* 233–241.

Chiasson, N., Charbonneau, C., & Proulx, J. *In-group–out-group similar information as a determinant of attraction toward members of minority groups.* 233–241.

Chuang, H-L., & Huang, W-C. *Age, birthdays, and suicide in Taiwan.* 659–660.
Damji, T., Clément, R., & Noels, K. A. *Acculturation mode, identity variation, and psychosocial adjustment.* 493–500.
De La Rey, C., & Raju, P. *Group relative deprivation: Cognitive versus affective components and protest orientation among Indian South Africans.* 579–588.
Dekker, I., Barling, J., & Kelloway, E. K. *Work force size and multifaceted job satisfaction: A cross-national study.* 201–208.
Diekmann, A., Jungbauer-Gans, M., Krassnig, H., & Lorenz, S. *Social status and aggression: A field study analyzed by survival analysis.* 761–768.
Dinur, R., Beit-Hallahmi, B., & Hofman, J. E. *First names as identity stereotypes.* 191–200.
Druckman, D., & Druckman, J. N. *Visibility and negotiating flexibility.* 117–120.
Dyce, J. A., & Cornell, J. *Factorial validity of the Group Environment Questionnaire among musicians.* 263–264.
Francis, L. J., & Gibbs, D. *Prayer and self-esteem among 8- to 11-year-olds in the United Kingdom.* 791–793.
Francis, L. J., & Jones, S. H. *Social class and self-esteem.* 405–406.
Gibbins, K., & Walker, I. *Social roles, social norms, and self-presentation in the quiz effect of Ross, Amabile, and Steinmetz.* 625–634.
Gibbons, J. L., Richter, R. R., Wiley, D. C., & Stiles, D. A. *Adolescents' opposite-sex ideal in four countries.* 531–537.
Goldenberg, V., & Saxe, L. *Social attitudes of Russian immigrants to the United States.* 421–434.
Hamid, S., & Loewenthal, K. M. *Inferring gender from handwriting in Urdu and English.* 778–782.
Hassebrauck, M., & Buhl, T. *Three-dimensional love.* 121–122.
Henriques, G. R., Calhoun, L. G., & Cann, A. *Ethnic differences in women's body satisfaction: An experimental investigation.* 689–697.
Huici, C., Ros, M., Carmona, M., Cano, J. I., & Morales, J. F. *Stereotypic trait disconfirmation and positive–negative asymmetry.* 277–289.
Hurley, J. R. *Ratings of interpersonal conduct in small groups by aggregated peers and self: Replicated factor analyses.* 597–611.
Hutnik, N., & Sapru, S. *The salience of ethnicity.* 661–662.
Jeanquart-Barone, S., & Sekaran, U. *Institutional racism: An empirical study.* 477–482.
Jones Johnson, G., & Johnson, W. R. *Perceived overqualification and psychological well-being.* 435–445.
Jost, J. T., & Azzi, A. E. *Microjustice and macrojustice in the allocation of resources between experimental groups.* 349–365.
Jou, Y. H., & Fukada, H. *The causes and influence of transitional stress among Chinese students in Japan.* 501–509.
Kacmar, K. M., & Hochwarter, W. A. *Rater agreement across multiple data collection media.* 469–475.
Kelloway, E. K., Barling, J., & Agar, S. *Preemployment predictors of children's union attitudes: The moderating role of identification with parents.* 413–415.
Kemp, S., & Watkins, D. *Self-esteem and academic streaming in Hong Kong.* 651–653.
Kemph, B. T., & Kasser, T. *Effects of sexual orientation of interviewer on expressed attitudes toward male homosexuality.* 401–403.
Kivimäki, M., Elovainio, M., & Nord, J. *Effects of components of personal need for structure on occupational strain.* 769–777.
Larson, R., & Lee, M. *The capacity to be alone as a stress buffer.* 5–16.
Lee, M. Y., Sapp, S. G., & Ray, M. C. *The Reverse Social Distance Scale.* 17–24.
Lester, D. *An attributional analysis of suicide.* 399–400.
LeUnes, A., Bourgeois, A., & Grajales, R. *The effects of two types of exposure on attitudes toward aspects of juvenile delinquency.* 699–708.

Lindeman, M., & Verkasalo, M. *Meaning in life for Finnish students.* 647–649.
Little, S. G., Sterling, R. C., & Tingstrom, D. H. *The influence of geographic and racial cues on evaluation of blame.* 373–379.
Marjoribanks, K. *Factors affecting the social status of Australian young adults.* 133–138.
Martin, G. N., & Gray, C. D. *The effects of audience laughter on men's and women's responses to humor.* 221–231.
McClenahan, C., Cairns, E., Dunn, S., & Morgan, V. *Intergroup friendships: Integrated and desegregated schools in Northern Ireland.* 549–558.
McHoskey, J. W. *Authoritarianism and ethical ideology.* 709–717.
Muir, G., Lonsway, K. A., & Payne, D. L. *Rape myth acceptance among Scottish and American students.* 261–262.
Mukhopadhyay, S. *Anxiety level and its temporal change among working mothers in Calcutta.* 123–125.
Myers, L. B. *The attributional style of repressive individuals.* 127–128.
O'Connor, W. E., Morrison, T. G., & Morrison, M. A. *The reliability and factor structure of the Global Belief in a Just World Scale.* 667–668.
Ortiz, A. E., Johnson, D. W., & Johnson, R. T. *The effect of positive goal and resource interdependence on individual performance.* 243–249.
Oswald, P. A. *The effects of cognitive and affective perspective taking on empathic concern and altruistic helping.* 613–623.
Payne, M. A. *Some effects of sex, age, and household structure on family drawings of Barbadian children.* 567–578.
Peck, S. D. *The orthogonality of liberalism and conservatism among American evangelical Protestants.* 639–645.
Pernice, R., & Brook, J. *Refugees' and immigrants' mental health: Association of demographic and post-immigration factors.* 511–519.
Phinney, J. S., & Alipuria, L. L. *At the interface of cultures: Multiethnic/multiracial high school and college students.* 139–158.
Pillai, V. K., & Roy, L. C. *Attitudes toward sexual behavior among unmarried Zambian secondary school females.* 111–112.
Puddifoot, J. E. *The persuasive effects of a real and complex communication.* 447–459.
Putnam, J., Markovchick, K., Johnson, D. W., & Johnson, R. T. *Cooperative learning and peer acceptance of students with learning disabilities.* 741–752.
Rahim, M. A., & Psenicka, C. *A structural equations model of stress, locus of control, social support, psychiatric symptoms, and propensity to leave a job.* 69–84.
Riipinen, M. *The relation of work involvement to occupational needs, need satisfaction, locus of control, and affect.* 291–303.
Rudin, J. P. *Perceived weight of other persons.* 719–726.
Ruttenberg, J., Zea, M. C., & Sigelman, C. K. *Collective identity and intergroup prejudice among Jewish and Arab students in the United States.* 209–220.
Sharma, V., & Kaur, I. *Interpersonal attraction in relation to the loss–gain hypothesis.* 635–638.
Siegrist, M. *Church attendance, denomination, and suicide ideology.* 559–566.
Simpson, P. L., Schumaker, J. F., Dorahy, M. J., & Shrestha, S. N. *Depression and life satisfaction in Nepal and Australia.* 783–790.
Sinha, S. P., & Mukherjee, N. *The effect of perceived cooperation on personal space requirements.* 655–657.
Stack, S., & Wasserman, I. *Height and risk of suicide.* 255–256.
Steers, W. N., Elliott, E., Nemiro, J., Ditman, D., & Oskamp, S. *Health beliefs as predictors of HIV-preventive behavior and ethnic differences in prediction.* 99–110.
Stolte, J. F. *Evaluation of persons of varying ages.* 305–309.
Tang, T. L-P., Tollison, P. S., & White-

side, H. D. *The case of active and inactive quality circles.* 57–67.

Taylor, D. M., & Lambert, W. E. *The meaning of multiculturalism in a culturally diverse urban American area.* 727–740.

Theron, S. W., & Strydom, C. *Philosophy of human nature and behavior in an industrial environment in South Africa.* 539–540.

Trafimow, D., & Miller, A. *Predicting and understanding mental practice.* 173–180.

Upmanyu, V. V., Bhardwaj, S., & Singh, S. *Word-association emotional indicators: Associations with anxiety, psychoticism, neuroticism, extraversion, and creativity.* 521–529.

van der Sijde, P. C., Tomic, W., & Snel, F. W. J. J. *Demographic differences in coping with uncertainty about the future.* 159–164.

Verkuyten, M., & Kwa, G. A. *Ethnic self-identification, ethnic involvement, and group differentiation among Chinese youth in the Netherlands.* 35–48.

Vrij, A., & Dingemans, L. *Physical effort of police officers as a determinant of their behavior toward criminals.* 461–468.

Walker, M. B., & Andrade, M. G. *Conformity in the Asch task as a function of age.* 367–372.

Watson, R. K., Haines, M., & Bretherton, D. *Effects of interpersonal communication process variables on outcomes in an international conflict negotiation simulation.* 483–491.

Willcox, M., & Sattler, D. N. *The relationship between eating disorders and depression.* 269–271.

Wright, E. F., Christie, S. D., Johnson, R. W., & Stoffer, E. S. *The impact of group discussion on the theory-perseverance bias.* 85–98.

Wright, E. F., MacEachern, L., Stoffer, E., & MacDonald, N. *Factors affecting the use of naked statistical evidence of liability.* 677–688.

Zweigenhaft, R. L., Armstrong, J., Quintis, F., & Riddick, A. *The motivations and effectiveness of hospital volunteers.* 25–34.

TITLE INDEX

Acculturation mode, identity variation, and psychosocial adjustment. *Tasleem Damji, Richard Clément, & Kimberly A. Noels.* 493–500.

Adolescents' opposite-sex ideal in four countries. *Judith L. Gibbons, Randy R. Richter, Deane C. Wiley, & Deborah A. Stiles.* 531–537.

Age and embarrassment at others' gaffes. *Mark Bennett & Caroline Cormack.* 113–115.

Age, birthdays, and suicide in Taiwan. *Hwei-Lin Chuang & Wei-Chiao Huang.* 659–660.

Anxiety level and its temporal change among working mothers in Calcutta. *Susmita Mukhopadhyay.* 123–125.

At the interface of cultures: Multiethnic/multiracial high school and college students. *Jean S. Phinney & Linda L. Alipuria.* 139–158.

Attitudes of Arab minority students in Israel and Canada toward learning a second language. *Salim Abu-Rabia.* 541–544.

Attitudes toward sexual behavior among unmarried Zambian secondary school females. *Vijayan K. Pillai & Lonnie C. Roy.* 111–112.

An attributional analysis of suicide. *David Lester.* 399–400.

The attributional style of repressive individuals. *Lynn B. Myers.* 127–128.

Authoritarianism and ethical ideology. *John W. McHoskey.* 709–717.

The capacity to be alone as a stress buffer. *Reed Larson & Meery Lee.* 5–16.

The case of active and inactive quality circles. *Thomas Li-Ping Tang, Peggy Smith Tollison, & Harold Dean Whiteside.* 57–67.

The causes and influence of transitional stress among Chinese students in Japan. *Yuh Huey Jou & Hiromi Fukada.* 501–509.

Church attendance, denomination, and

suicide ideology. *Michael Siegrist.* 559–566.

Collective identity and intergroup prejudice among Jewish and Arab students in the United States. *Jonathan Ruttenberg, Maria Cecilia Zea, & Carol K. Sigelman.* 209–220.

Conformity in the Asch task as a function of age. *Michael B. Walker & Maria G. Andrade.* 367–372.

Conservative orientation as a determinant of hopelessness. *Chau-Kiu Cheung & Siu-Tong Kwok.* 333–347.

Cooperative learning and peer acceptance of students with learning disabilities. *Joanne Putnam, Kathryn Markovchick, David W. Johnson, & Roger T. Johnson.* 741–752.

Coping styles among adolescent competitive athletes. *Mark Anshel.* 311–323.

A cross-national perspective on managerial problems in a non-Western country. *Abbas J. Ali & Ahmed Azim.* 165–172.

Demographic differences in coping with uncertainty about the future. *Peter C. van der Sijde, Welko Tomic, & Frans W. J. J. Snel.* 159–164.

Depression and life satisfaction in Nepal and Australia. *Paul L. Simpson, John F. Schumaker, Martin J. Dorahy, & Sarvagya N. Shrestha.* 783–790.

The effect of perceived cooperation on personal space requirements. *S. P. Sinha & N. Mukherjee.* 655–657.

The effect of positive goal and resource interdependence on individual performance. *Ann E. Ortiz, David W. Johnson, & Roger T. Johnson.* 243–249.

Effect of sex role identity on academic achievement of late adolescents in India. *Jayanti Basu & Urmi Chakroborty.* 257–259.

The effects of audience laughter on men's and women's responses to humor. *G. Neil Martin & Colin D. Gray.* 221–231.

The effects of cognitive and affective perspective taking on empathic concern and altruistic helping. *Patricia A. Oswald.* 613–623.

Effects of components of personal need for structure on occupational strain. *Mika Kivimäki, Marko Elovainio, & Juha Nord.*769–777.

Effects of interpersonal communication process variables on outcomes in an international conflict negotiation simulation. *Raymond K. Watson, Meredith Haines, & Di Bretherton.* 483–491.

Effects of sexual orientation of interviewer on expressed attitudes toward male homosexuality. *Brad T. Kemph & Tim Kasser.* 401–403.

The effects of two types of exposure on attitudes toward aspects of juvenile delinquency. *Arnold LeUnes, Anthony Bourgeois, & Rosario Grajales.* 699–708.

Ethnic differences in women's body satisfaction: An experimental investigation. *Gregg R. Henriques, Lawrence G. Calhoun, & Arnie Cann.* 689–697.

Ethnic self-identification, ethnic involvement, and group differentiation among Chinese youth in the Netherlands. *M. Verkuyten & G. A. Kwa.* 35–48.

Evaluation of persons of varying ages. *John F. Stolte.* 305–309.

Factorial validity of the Group Environment Questionnaire among musicians. *Jamie A. Dyce & Jeff Cornell.* 263–264.

Factors affecting the learning of English as a second language in Israel. *Salim Abu-Rabia.* 589–595.

Factors affecting the social status of Australian young adults. *Kevin Marjoribanks.* 133–138.

Factors affecting the use of naked statistical evidence of liability. *Edward F. Wright, Lora MacEachern, Elaine Stoffer, & Nancy MacDonald.* 677–688.

First names as identity stereotypes. *Rachel Dinur, Benjamin Beit-Hallahmi, & John E. Hofman.* 191–200.

Group relative deprivation: Cognitive versus affective components and protest orientation among Indian South Africans. *Cheryl De La Rey & Patricia Raju.* 579–588.

Health beliefs as predictors of HIV-preventive behavior and ethnic differences in prediction. *W. Neil Steers, Eryn Elliott, Jill Nemiro, David Ditman, & Stuart Oskamp.* 99–110.

Height and risk of suicide. *Steven Stack & Ira Wasserman.* 255–256.

The impact of group discussion on the theory-perseverance bias. *Edward F. Wright, Scott D. Christie, Ronald W. Johnson, & Elaine S. Stoffer.* 85–98.

Inferring gender from handwriting in Urdu and English. *Sarah Hamid & Kate Miriam Loewenthal.* 778–782.

The influence of geographic and racial cues on evaluation of blame. *Steven G. Little, Robert C. Sterling, & Daniel H. Tingstrom.* 373–379.

In-group–out-group similar information as a determinant of attraction toward members of minority groups. *Nicole Chiasson, Claude Charbonneau, & Jacques Proulx.* 233–241.

Institutional racism: An empirical study. *Sandy Jeanquart-Barone & Uma Sekaran.* 477–482.

Intergroup friendships: Integrated and desegregated schools in Northern Ireland. *Carol McClenahan, Ed Cairns, Seamus Dunn, & Valerie Morgan.* 549–558.

Interpersonal attraction in relation to the loss–gain hypothesis. *Vandana Sharma & Inderjeet Kaur.* 635–638.

Learning to manage motivational gravity: An application of group polarization. *Stuart C. Carr, Sallie-Anne Pearson, & Stephen C. Provost.* 251–254.

Meaning in life for Finnish students. *Marjaana Lindeman & Markku Verkasalo.* 647–649.

The meaning of multiculturalism in a culturally diverse urban American area. *Donald M. Taylor & Wallace E. Lambert.* 727–740.

The measurement of organizational commitment and professional commitment. *John A. Brierley.* 265–267.

Men's and women's self-estimates of intelligence. *Mark Bennett.* 411–412.

Microjustice and macrojustice in the allocation of resources between experimental groups. *John T. Jost & Assaad E. Azzi.* 349–365.

The Milgram obedience experiment: Support for a cognitive view of defensive attribution. *Thomas Blass.* 407–410.

The motivations and effectiveness of hospital volunteers. *Richard L. Zweigenhaft, Jo Armstrong, Frances Quintis, & Annie Riddick.* 25–34.

Origins of generalized control expectancies: Reported child stress and observed maternal control and warmth. *John S. Carton & Stephen Nowicki, Jr.* 753–760.

The orthogonality of liberalism and conservatism among American evangelical Protestants. *Sheryl Dickerson Peck.* 639–645.

Perceived overqualification and psychological well-being. *Gloria Jones Johnson & W. Roy Johnson.* 435–445.

Perceived weight of other persons. *Joel P. Rudin.* 719–726.

The persuasive effects of a real and complex communication. *John E. Puddifoot.* 447–459.

Philosophy of human nature and behavior in an industrial environment in South Africa. *Schalk W. Theron & Christa Strydom.* 539–540.

Physical effort of police officers as a determinant of their behavior toward criminals. *Aldert Vrij & Liesbeth Dingemans.* 461–468.

Prayer and self-esteem among 8- to 11-year-olds in the United Kingdom. *Leslie J. Francis & Darryl Gibbs.* 791–793.

Predicting and understanding mental practice. *David Trafimow & Andy Miller.* 173–180.

Predictors of health behavior from a behavior-analytic orientation. *John C. Birkimer, Perri B. Druen, Jerry W. Holland, & Margaret Zingman.* 181–189.

Preemployment predictors of children's union attitudes: The moderating role of identification with parents. *E. Kevin Kelloway, Julian Barling, & Sharon*

Agar. 413–415.

Rape myth acceptance among Scottish and American students. *Grant Muir, Kimberly A. Lonsway, & Diana L. Payne.* 261–262.

Rater agreement across multiple data collection media. *K. Michele Kacmar & Wayne A. Hochwarter.* 469–475.

Ratings of interpersonal conduct in small groups by aggregated peers and self: Replicated factor analyses. *John R. Hurley.* 597–611.

Refugees' and immigrants' mental health: Association of demographic and post-immigration factors. *Regina Pernice & Judith Brook.* 511–519.

The relation of work involvement to occupational needs, need satisfaction, locus of control, and affect. *Markku Riipinen.* 291–303.

The relationship between eating disorders and depression. *Monica Willcox & David N. Sattler.* 269–271.

Relative deprivation in contemporary South Africa. *Ans E. M. Appelgryn & Elirea Bornman.* 381–397.

The reliability and factor structure of the Global Belief in a Just World Scale. *Wendy E. O'Connor, Todd G. Morrison, & Melanie A. Morrison.* 667–668.

The Reverse Social Distance Scale. *Motoko Y. Lee, Stephen G. Sapp, & Melvin C. Ray.* 17–24.

The salience of ethnicity. *Nimmi Hutnik & Saloni Sapru.* 661–662.

Salivary testosterone and cortisol in a delinquent and violent urban subculture. *Terry Banks & James M. Dabbs, Jr.* 49–56.

Self-esteem and academic streaming in Hong Kong. *Sally Kemp & David Watkins.* 651–653.

Social attitudes of Russian immigrants to the United States. *Victor Goldenberg & Leonard Saxe.* 421–434.

Social class and self-esteem. *Leslie J. Francis & Susan H. Jones.* 405–406.

Social roles, social norms, and self-presentation in the quiz effect of Ross, Amabile, and Steinmetz. *Keith Gibbins & Iain Walker.* 625–634.

Social status and aggression: A field study analyzed by survival analysis. *Andreas Diekmann, Monika Jungbauer-Gans, Heinz Krassnig, & Sigrid Lorenz.* 761–768.

Some effects of sex, age, and household structure on family drawings of Barbadian children. *Monica A. Payne.* 567–578.

Stereotypic trait disconfirmation and positive–negative asymmetry. *Carmen Huici, María Ros, Mercedes Carmona, Jose Ignacio Cano, & Jose Francisco Morales.* 277–289.

A structural equations model of stress, locus of control, social support, psychiatric symptoms, and propensity to leave a job. *M. Afzalur Rahim & Clement Psenicka.* 69–84.

Three-dimensional love. *Manfred Hassebrauck & Thomas Buhl.* 121–122.

The underestimated role of temporal comparison: A test of the life-span model. *Rupert Brown & Jörg Middendorf.* 325–331.

Visibility and negotiating flexibility. *Daniel Druckman & James N. Druckman.* 117–120.

Word-association emotional indicators: Associations with anxiety, psychoticism, neuroticism, extraversion, and creativity. *V. V. Upmanyu, Seema Bhardwaj, & Sukhdev Singh.* 521–529.

Work–family conflict among married professional women in Malaysia. *Aminah Ahmad.* 663–665.

Work force size and multifaceted job satisfaction: A cross-national study. *Inez Dekker, Julian Barling, & E. Kevin Kelloway.* 201–208.
